Bill -

This is the first draft of your
testimony for the HPSCI on
~~Wed~~ ^{Tues}, 25 FEB concerning the FY 87
NFIP.

I think it comes close to what
Lee Hamilton and the committee are
looking for - It's 12½ pages which should
take you 20-25 minutes. I can then
provide a 7-8 minutes overview, with
a little more detail regarding specific
parts of the 87 budget and keep us

within Hamilton's 30 minutes guideline.

I am also working on my part of the SSC testimony for Wed, 19 Feb, and will have it available for you about mid morning on Tuesday.

I will be at home tonight if you should need anything else from me, and I'll be available during the day tomorrow as you may require.

Al.
